HISTORIC AMERICAN BUILDINGS SURVEY

RED RIVER RANGER STATION

HABS No. ID-74

Location: Nez Perce National Forest
Elk City Vicinity
Idaho County
Idaho

Significance: The Ranger Station presently consists of a number of small buildings constructed between 1934-53 which were intended to serve as support structures for Forest Service activities on the Red River Ranger District.

Description: The series of structures are principally constructed of logs on a concrete foundation, with metal roofing material replacing the earlier wood shingles. Buildings are in good condition and include a woodshed, cookhouse, garage and office.

Sources: Red River Ranger District Records
Nez Perce National Forest Facility Master Plan

Other Information: See HABS Nos. ID-74-A-D for information regarding a specific structure. See project field records for field photographs and photogrammetric drawings.
